ABOUT ME

I'm an ambitious animator with a drive for dynamic movement and style. I specialise in both traditional and 2D digital character illustration and animation

EXPERIENCE

Fish Fingers are in the Fridge - 2024

My 3rd year grad film which included a treatment, professional pitch. All animation, backgrounds, character designs and sound were produced independently.

Grim's Garden - 2022

I worked as a producer for a group film, keeping schedules updated and organising meetings and tasks as well as animating, colouring and storyboarding.

Freelance Work - 2021

I was commissioned by a band to create a poster to advertise an upcoming gig at *Strings* venue, Isle of Wight, UK. I had to adapt to the client's changes to produce the desired outcome.
